Tom/Phil,

I am fine with the changes you suggest to the Subpart W portion. However, on comment one I would just state that the flux standard currently applies to three facilities. (b)(5) - Deliberative Process Privilege

Phil,

I made some minor comments to the presentation. They are identified by little comment boxes. In some places I suggested what to do and in others I made changes. Nothing major.

I have combined the 2 sets of slides into one, and I have tried to de-Loren them, i.e., less words per slide. They were very busy. This audience knows the history of UMTRA well, so I cut a couple of background slides for brevity.

This will be the third or fourth time I have presented at this meeting over the last 11 or 12 years.
